Introduction to the CTH Level 2 Award in the Sabre System

The purpose of this qualification specification is to provide an overview of the CTH Level 2 Award in the Sabre System.

This document includes the aims, size, structure and content including learning outcomes and assessment criteria for each unit, together with sample assessment questions. There is guidance relating to the accreditation, delivery and assessment requirements for this qualification, and details of grading criteria and the grading of units. Further details regarding this qualification are available from CTH, and contained within the more comprehensive qualification and assessment handbooks.

Aims of the Qualification

The aims are to provide a qualification that:

- provides a practitioner level of knowledge of the Sabre system for creating flight bookings
- provides a solid GDS knowledge base for those working in, or wishing to gain employment in the travel industry.
- underpins the component of the Travel Consultant Apprenticeship Standard related to Industry Technology.

Access & Entry Requirements

Students do not need any prior background knowledge or experience.

Approved CTH Centres are responsible, prior to admission and enrolment, for ensuring students are deemed able to fulfil the demands of the course and successfully complete the qualification.

CTH would also expect approved Centres to undertake an initial assessment of each student prior to the start of their programme to ensure they are able to provide the student with any necessary additional support.

Qualification Accreditation Requirements

Accreditation

Prospective Centres should apply for approval as an accredited CTH Centre in order to deliver this qualification. Please see the 'Contact CTH' page at the end of this specification for advice on the CTH accreditation process, or contact us if you wish to discuss your curriculum requirements.

The CTH accreditation committee will consider applications from centres against a set of criteria, including the availability of suitable teaching accommodation and staffing, experience of delivering qualifications at a similar level and evidence of expertise in academically-related areas including planning the delivery of courses leading to regulated qualifications, quality assurance and preventing malpractice. A skype conversation with CTH academic and quality staff will form part of the initial accreditation application process

Teaching Rooms

Suitable teaching rooms and IT facilities should be available to students. Accommodation and equipment used for the delivery of the qualification must comply with the relevant legislation relating to Health & Safety.

The approved Centre should ideally also provide an appropriate area and facilities for student relaxation and recreation.

Centre Staffing

Staff delivering this qualification must be able to demonstrate that they meet the following requirements:

- Be occupationally competent or technically knowledgeable in the area for which they are teaching
- Have recent relevant experience in the specific area that they will be assessing or verifying
- Hold a relevant qualification in the area for which they are teaching.

CTH will review the CV's of all teaching staff when a potential Centre seeks approval to deliver the qualification.

Continuing Professional Development

Centres must support their staff to ensure that they have current knowledge of the occupational area, and that delivery, assessment and internal verification is in line with current good practice and takes into consideration relevant international regulatory requirements.

CTH SUPPORT

CTH training

New CTH centres are eligible for free training (delivered online via Skype in most cases) to help them prepare, then deliver their courses leading to CTH qualifications.

CTH also offers training for teaching staff who may be delivering a unit for the first time.

Resources

New centres are given a copy of the student manual and full access to the Sabre Personal Training site to allow planning of sessions. Final assessment must be taken under exam conditions at the accredited centre.

Assessment opportunities

Assessments for this qualification are arranged at the convenience of the centre throughout the year. Contact CTH or see the CTH website for more details.

Assessment responsibilities

CTH set and distribute all assessments to centres where learners have been registered. All examination scripts are returned to CTH for marking and moderation.

Qualification Level, Size and Structure

Qualification Level

CTH is an Ofqual-regulated Awarding Organisation based in London. The CTH Level 2 Award in the Sabre System is a vocationally related qualification on the Ofqual Regulated Qualification Framework (RQF) and adheres to the Ofqual requirements for assigning a level to a regulated qualification. These requirements and standard Level Descriptors are contained in an Ofqual publication Ofqual/15/5774, Qualification and Component Levels, available via gov.uk. The document URL is: <https://www.gov.uk/government/publications/qualification-and-component-levels>

Qualification size

The qualification is designed to be delivered in 50 hours of TQT (Total Qualification Time) of which 40 are Guided Learning Hours (GLH). TQT is the total amount of time, in hours, expected to be spent by a student to achieve a qualification.

Definitions

- **Guided Learning Hours – GLH**
This is the amount of time the average student is expected to spend in supervised learning and practice, but may vary by student.
- **Total Qualification Time – TQT**
TQT is made up of Guided Learning Hours plus all other time taken in preparation, study or any form of participation in education and training but not under the direct supervision of a lecturer or tutor.

The following activities are indicative of those included in TQT:

- Guided Learning (GLH) when the lecturer is present, e.g. formal classes, lecturers, seminars, tutorials, supervised assessment (e.g. exams or observed practice)
- Independent and unsupervised learning or research
- Unsupervised coursework, or directed activity
- Watching pre-recorded webinars or podcasts
- Work placement, self-study, visits to hospitality or tourism outlets, revision and time spent on written assignments.

Students completing this qualification should be able to demonstrate their ability as independent learners.

Qualification Structure

The qualification structure, units and sizing information including Total Qualification Time (TQT) for the CTH Level 2 Award in the Sabre System are set out in the following table, often referred to as the Rules of Combination.

Further details of the unit are included later in this qualification specification.

Qualification Grading Criteria

Individual units can be graded either as fail or pass so the qualification is either achieved or not achieved.

In terms of certification, this means that students will receive a certificate that recognises their level of achievement. Note that the Certificate does not allocate a grade.

The following table explains the generic grading criteria set by Ofqual that are used by CTH in conjunction with the unit mark sheets to assess all students' work.

The pass mark is 85%

Level 2	Students who fail:	To achieve a pass students must:
	<ul style="list-style-type: none"> • do not meet the requirements of the assessment criteria and learning outcomes of the unit 	<ul style="list-style-type: none"> • meet the requirements of the assessment criteria and learning outcomes • demonstrate a level of understanding of key issues in the area of study • produce work that is well presented, clear and well structured
